1. About SSEPD

Department of SSEPD, Government of Odisha deals with the social security and empowerment of extremely vulnerable sections of the population. The target population includes indigent pensioners, persons with disabilities, senior citizens, transgender persons and victims of substance abuse. For the welfare of the target group the Government operates large number of schemes. There also exists important protective legislation to secure the interest of the target groups. The target groups suffer from educational backwardness and several social disadvantages such as marginalization from society, discrimination, exploitation, abuse, depression, anguish, anxiety and health disorders.

In order to achieve its objectives Government needs to strengthen the delivery system by awareness generation, enhancing people's participation in programme implementation and professional reorientation of its field officials. Considering that the bulk of the target population resides in rural areas, services and deliverables need to reach the stakeholders at grass root level.

At the village, block and the ward levels People's Action Committees are being constituted which will spread awareness about government programmes, conduct survey of the target population, identify suitable beneficiaries, facilitate the supply of benefits under ongoing government programmes and organize periodic meetings to review the implementation of programmes, foster social bonds among all the stakeholders and neutralize vested interest groups. They will act as a link between the administration and the target groups. The designated functions shall involve coordination with stake holders, create awareness about Government Policies and Programs, help and facilitate beneficiaries to get benefits and weed out ineligible beneficiaries.

The following matrix presents the activities in operation at the grass roots level for each target population:-

Sl. No.	Target Population	Activities
1	Persons with disabilities	Survey, registration, UDID certification, early detection and treatment, aids and appliances, BBSA camps, education, scholarships, loans and subsidy for livelihood, SHGs for PWDs, vocational training, marriages, helplines, insurance, health care, pensions, housing, land, care givers training, community based rehabilitation, public employment, fare concessions, awards
2	Pensioners	Survey, identification, preparation of waiting list, social audit, weeding out ineligible

		persons, seeding of aadhaar numbers and digitization of the pensioners database
3	Transgenders	Survey, identification, aadhaar enrolment, electoral photo identity card, ration card, scholarships and vocational training, livelihood, health care, awards, helplines
4	Alcoholics and Drug Addicts	Survey, registration, early detection and treatment, education, scholarships, loans and subsidy for livelihood, vocational training, helplines, awards
5	Senior Citizens	Inculcating values of respect for parents and grandparents, protection of their rights under MWPSA Act, awareness generation, preventing elders abuse, campaign with school children and college students, awards, helplines, police and security of older persons residing alone, old age homes, care givers training, productive ageing, health care

In order to enhance the effectiveness of the aforesaid activities, social mobilization, awareness generation and people's participation are necessary. The size of the target population is estimated to be over one crore. The Department has officials who are directly or indirectly responsible for delivery of services to the target population. It will be useful to have functionaries who can act as eyes and ears of administration and help in survey, identification and rehabilitation of the target population in a manner that none is excluded. For this purpose District Level and Block Level initiatives will facilitate performance of the aforesaid activities by the implementing agencies. Common Service Centers and ICTs will be used to deliver services to the people at their doorsteps and also propagate information about the government programmes. Convergence with all allied programmes will be promoted to maximize social welfare.
